

QPS INDIA: EXCELLENCE IN DERMATOLOGY RESEARCH

QPS India, part of the global QPS network, is a premier clinical research facility delivering innovative and high-quality dermatological safety studies. Located in a state-of-the-art facility, QPS India is dedicated to supporting the pharmaceutical, biotechnology, and cosmetics industries in advancing dermatological research and development.

DERMATOLOGY STUDIES AT QPS

QPS is supported by industry leading dermal experts, highly trained clinical Investigators who ensure protocols meet regulatory requirements, ensuring compliance and scientific rigor.

Skin Irritation (CIPT¹) & Sensitization (HRIPT²)

- ▶ Patch testing for evaluation of irritation and sensitization potential
- ▶ Transdermal adhesion/irritation scoring
- ▶ Dedicated, trained dermatological evaluators

Phase I Safety and Tolerability

- ▶ Focused evaluation of dermatological adverse events
- ▶ Monitoring short-term and long-term safety outcomes
- ▶ Experts in PK profiling with competence in understanding dermal absorption and study designs
 - PK/PD Analysis using WinNonlin software

Large, Accessible Volunteer Database

- ▶ Extensive access to normal healthy volunteers
- ▶ Robust access to volunteers with FP³ Scale Type 1-5

¹ Cumulative Irritation Patch Test
² Human Repeat Insult Patch Test
³ Fitzpatrick Scale

WHY CHOOSE QPS INDIA?

State-of-the-Art Facility

- ▶ Advanced clinical and laboratory infrastructure designed for precision and efficiency

Highly Experienced Team

- ▶ Dermatology-focused clinicians, scientists, and technical dermal experts
- ▶ Decades of combined expertise in skin safety assessments making us a trusted leader globally

Regulatory Compliance

- ▶ Fully compliant with global standards, including ICH-GCP and local regulatory requirements
- ▶ Proven track record with successful submissions to global regulatory authorities (including FDA and EMA)
- ▶ Robust statistical models (superiority, equivalence and non-inferiority) on comparative trials for FDA and EMA submissions

Rapid Turnaround Times

- ▶ Efficient, on-time study execution with adherence to timelines
- ▶ Real-time updates and transparent communication

Global Reach

- ▶ Seamless integration with QPS's global network for multi-center studies and worldwide capabilities

OUR COMMITMENT TO QUALITY

At QPS India, quality is at the core of everything we do. From study design to final reporting, we ensure the highest standards of accuracy, integrity, and reliability with US governance. Partner with us to bring safe and effective dermatological products to market faster.

Since 1995, QPS has provided discovery, preclinical, and clinical drug development services. An award winning leader focused on bioanalysis and clinical trials, QPS is known for proven quality standards, technical expertise, a flexible approach to research, client satisfaction and turnkey laboratories and facilities.
