

CENTRAL SAFETY LAB

At the QPS Central Safety Lab, we specialize in providing comprehensive safety testing services. Our mission is to streamline and support your clinical trials by managing every aspect of safety testing, allowing you to focus on what matters most: advancing research.

WHY CHOOSE QPS?

What We Do

- ▶ Comprehensive safety lab testing from sample collection to reporting
- ▶ Ensure trials are compliant, accurate, and efficient

Key Testing Services

- ▶ Hematology & Biochemistry: Monitor blood and organ function
- ▶ Immunogenicity Testing: Detect immune response to treatment
- ▶ Urinalysis, Toxicology, Serology and Female Health Testing

Full Service Advantage

- ▶ Complete Test Kits: Fully equipped for seamless sample collection
- ▶ Shipping & Logistics: On-time delivery of test kits directly to trial sites
- ▶ Order Management: End-to-end handling, reducing workload for trial teams

Why Choose QPS Central Safety Lab

- ▶ Simplified Process: One partner for all safety testing needs
- ▶ Focus on Your Research: We manage logistics so you can focus on trial outcomes
- ▶ Quality & Compliance: CAP/CLIA certified, GCP aligned, industry-leading accuracy
- ▶ Tailored Solutions: Flexible support for both early-phase and late-phase trials

The QPS Advantage

- ▶ Reduced complexity and smoother trial execution
- ▶ Reliable results that are trusted by regulators
- ▶ Scalable support designed for biotech and pharma companies
